Sir:

Applicants express appreciation for the courtesies extended by Examiner Harris during a December 7, 2007 telephone interview. During this interview, Applicants' representative Arnold Turk noted that upon review of the Amendment Under 37 C.F.R. 1.111 (hereinafter "Amendment"), filed November 19, 2007, it was noted that certain symbols in claims 1 and 5 were not printed correctly. Applicants' representative noted these misprints, and indicated that a corrected listing of claims would be submitted including a corrected printing of the claims to ensure that the record is complete and accurate.

Moreover, it was noted that at the bottom of page 8 of the Amendment the formula also includes a misprint, which will be noted in the submission forwarding the corrected listing of claims.
